Keep it before the people, that I told the people six months ago, that I intended to run through my campaign, with my motto to give each and every individual value received, for their valuable support, giving the Ladies a fine opportunity to exercise there inalienable rights, as well as the gentlemen, and since that time thousands have shown their good judgment by coming and demonstrating the truth of my assertion. I tell you Creech's is the place. And permit me to return my sincere thanks for your very liberal and valuable patronage for the last twenty-five years. I hope by strict attention to business and honest dealing, giving each and every one the worth of their money that I will continue to receive a liberal share of your patronage. The rest of my talking I shall do at my place of business which is Creech's Corner Fayetteville Street, Raleigh

LIFE INSURANCE.

THE KNICKERBOCKER

MUTUAL LIFE INSURANCE COMPANY,

A. WILBUR, *Manager.*
R. D. ARNOLD, *Consulting Physician.*

THE ONLY BRANCH OFFICE OF LIFE INSURANCE IN THIS SECTION WHERE POLICIES ARE ISSUED AND LOSSES PAID.

ASSETS NEARLY

$ 5,000,000.

ANNUAL INCOME NEARLY

$3,000,000.

Annual Dividends nearly 50 per cent.

$73,500 LOSSES PAID BY THE SOUTHERN BRANCH IN TWO YEARS.

THE KNICKERBOCKER IS AN OLD, RELIable Company, and offers as great inducements to insurers as any solvent Company can. Issues Policies on every desirable plan. Loans one-third of Premium to Policy-Holder.

All Policies non-forfeitable, as the insured can at any time, on demand, get its surrender value.

NO RESTRICTIONS ON RESIDENCE OR TRAVEL.

NO EXTRA CHARGE for OFFICERS of the ARMY or NAVY, Officers of first-class Steam or Sail Vessels, or Railroad Conductors, &c.

The "KNICKERBOCKER" is ONE of the TWO Northern Companies whose Policies in the South were kept intact during the entire Rebellion, whose Dividends were accredited to Policy Holders as though Premiums were paid.

And is THE Company that paid all losses after the war, that occurred during the war, thus proving its integrity, the honorable method of conducting its business, and its indisputable solvency.

The KNICKERBOCKER still pays all losses, never disputes a just claim, and is as liberal and SAFE as any Company in America.

ALL CASH PLAN OF THE

ÆTNA

LIFE INSURANCE COMPANY,

OF HARTFORD, CONN.

W. H. CROW, General Agent for North Carolina and Virginia, South of the James.

Accumulated Capital, over	$10,000,00
Annual Income,	6,000,000
Surplus, above Liabilities,	2,000,000

THE ÆTNA

Has $136 Assets for every $100 Liabilities.

ALL POLICIES STRICTLY NON-FORFEITING

CASH RATES!
CASH POLICIES!
CASH DIVIDENDS!

DIVIDENDS PAID ANNUALLY, COMMENCING AT THE END OF THE YEAR.

Dividends may be used to reduce the annual Premium or increase the Cash value of the Policy.

NON-FORFEITING CASH PLAN.

The Ætna issues Policies on the various forms of whole life and endowment insurance, with dividends on the contribution plan, which may be applied to the reduction of each annual premium after the first, or the full premium, may be paid each year and the dividens applied to reduce the number of annual premiums, together with the period fixed for the maturity of the insurance, so that endowments can be paid to the insured before the time originally specified, and life policies before death.

By this plan of applying the dividends to lessen the cost of the insurance on the original policy, instead of increasing the amount of insurance, and of course its total cost, and the policies will become self-sustaining much sooner than in other companies; and in case of inability to continue payments, give a larger paid-up policy.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in full, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

The New York *Insurance Monitor* says of the ÆTNA:

"No Life Insurance Company ever achieved so complete a success as this popular institution.—Its popularity is altogether unprecedented in the annals of commercial enterprise in this country."

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

THURSDAY, APRIL 22, 1869.

THE EXCLUDED STATES.

At the time the bill passed authorizing the President to order elections in the three excluded States, Virginia, Mississippi and Texas, we intended to make some remarks, but other matters more immediately pressing, diverted us from that pupose. We propose to-day to consider one or two points connected with this ostensibly liberal course.

We are more inclined to give the President credit for fairness of intention in this matter than in any thing he has done since he took the solemn oath of office. His message, the first, to Congress was the most unexceptionable performance of his life, and we would take courage if we could think that this act was the precursor of other acts of liberality and magnanimity towards our people. He is said to have evinced intelligent views and feelings of kindness toward the South in an interview recently held with certain persons from Virginia. We say then, let us give him his full due—let us render unto Cæsar the things that are Cæsar's, and when we find our President showing a disposition to be led by wise counsels and to be actuated by friendly sentiments, let us accord to him the praise he merits.

But whilst we can thus express our candid views, we are none the less bound by our conceptions of duty to truth and right to say something else that may not be deemed altogether so gracious by some, though we are perfectly certain it is equally true. We think Congress has almost spoilt entirely the good intentions of the President, and by injudicious legislation has opened a Pandora's box that is filled with all kind of political diseases. It will be a very great mistake to suppose that the bill passed by Congress is as generous and liberal as the intentions of the President as exhibited in his first message. These States are called up on to perform an act of self-degradation that will be revolting to every high toned citizen true to the South and her despoiled and smitten people. By the provisions of an amendment offered by Senator Morton, of Indiana, and which was duly engrafted upon the bill that passed both Houses, there is imposed upon them "the necessity of deciding whether it will not be their duty to refuse compliance with the condition precedent," to use the language of the *Statesman*, "which has been so needlessly and wrongfully prescribed."—This able paper says farther, and it seems to us, most judiciously, that "to renew their relations to the other States, not only upon unequal terms, but upon the express condition of a voluntary abandonment of their rights and dignity, involves not merely a fancied, but a real and practical surrender of all that can render restoration to the Union important or beneficial."

The XVth Amendment must be submitted to the States in their capacity as such. It is nonsense to suppose or urge that Congress has any constitutional power to enforce or impose any amendments upon sovereign or independent States. But this is the very thing that Congress proposes to do, and the "milk in the cocoanut" lies in the absolute exigencies of the Radical party, for it is now thought pretty certain that, unless Virginia, Mississippi and Texas shall vote for the XVth Amendment, it cannot become a part of the Constitution. Therefore, something must be done. It will not do to trust them to their unbiased judgment or unrestrained freedom—else they might, in the exercise of their rights as freemen, reject that abominable addendum to the immortal instrument, the creation of the joint wisdom of the foremost men of the days of Washington and Hamilton. When, therefore, Congress either interferes with, or attempts to abridge the rights of the people of the States, there is a gross and unwarranted departure from its just prerogatives, and an infraction of the very instrument it professes to uphold. In this connection the *Statesman* observes, and the sentiments are so correct that they must be received as such by every reflecting and serious mind:

"The theory of the Constitution secures to them absolute liberty of action and judgment; and no more radical violation of its spirit or subversion of its principles can be conceived than is set forth in that proviso of what is called the "new reconstruction act," which undertakes to coerce three States of the Union into the adoption of a repulsive Constitutional amendment, as a condition upon which their restoration to equality of rights in the Union shall depend. They must assent to a debasement of the suffrage, they must relinquish their inalienable right to determine the qualification of their own voters, they must yield to the usurpation of Congress a power which belongs only to them, they must recognize in advance the most dangerous form of Federal consolidation—and receive in return for all the abject surrenders of whatever is valuable in the principle and administration of government, the doubtful benefit of being restored to relations the permanency of which depends only upon the capricious purpose of a majority which has already violated every pledge and broken every condition which it has itself prescribed."

That these States will be very loth to obey Congressional dictation all may well believe. They may, after the many sharp and prolonged trials to which they have been so mercilessly exposed, be ready to try any new expedient, just as an afflicted and despairing patient may be ready to swallow any nostrum that may be offered, but it can only be after the most vigorous efforts at deglutition. But as the *Statesman* suggests,

"It is one thing to endure a wrong which we are powerless to resist; it is another to fasten upon ourselves the shackles of oppression and voluntarily accept a degradation which might be escaped." This admirable sentiment is similar to the fine expression given a day or two since in the extract from the speech of Mr. Casserly, Senator from California, that it is an "eternal truth of history, of man, and Heaven, that a race can survive every thing but its own dishonor brought upon it by its own act." These States are to be coerced.—They are not free to act for themselves. They are to come into the Union by complying with certain conditions, but not otherwise, and those conditions are not such as freeman can cheerfully or honorably accept. They are precisely such conditions that neither New York nor Pennsylvania nor Ohio would accept. Says the *Statesman*:

"It will not be strange if the wisest and best citizens of these States shall hesitate to accept the good which is thus alloyed with evil, or that men who look beyond the limits of the present into the long years of the future, shall conscientiously shrink from fastening upon posterity the evil which, perhaps, a stronger faith, and a more courageous endurance on their part might prevent."

There is another view to which we can but allude to-day. If these States should comply in all respects, with the reconstruction policy, by holding elections and adopting the Constitution to be submitted to them, with the disfranchising feature excluded—they may do this and all that is necessary, and still they have no sort of guarantee that their Senators and Representatives will be allowed to take their seats in Congress. They have no guarantee that they will not be disappointed at every turn by Congressional legerdemain. Here is the difficulty that meets these States. After doing everything required of them, they may be foiled at every point. For as the Chicago *Times* truly says:

"The whole course of Congress, concerning Reconstruction, has been one of perfidy. It has, in a shameful and deliberate manner, violated its pledges. It is no more entitled to credit than a man who has been convicted of perjury upon proof which left no doubt of his guilt. A half-dozen leading republican senators denounced the requirement making the ratification of the fifteenth amendment a condition precedent to admission. Trumbull was among them, and he—the hypocrite—introduced a bill to remand Georgia to a military government."

NASH COURT.

This is the week of Nash Court, Judge Watts presiding. Ninety three cases on the State docket, most of them indictments against "Radical gentlemen," for larceny. Ten "Radical gentlemen" were in jail.—No white man was indicted for larceny.—We heard the people speak of the Judge's charge, which was delivered Monday evening. His Honor said but little, complimented the foreman of the Grand Jury, by telling his associates that he, the foreman, knew the law and could inform them as to their duty. The Judge said nothing about "detectable crimes."

We saw Bill Arrington, colored, on the jury. Bill looks much like Galloway, the colored leader of the Senate, from New Hanover. We saw Bill shake hands with our friends, Baldy Davis, of Halifax, H. G. Williams, and other gentlemen, while the Judge was shaking hands with the negroes We did not see Bill shake hands with the Judge. We heard that Bill refused to vote for the Judge because he used to run negroes with dogs.

We heard much talk of the mischief thought to be perpetrated by Governor Holden's secret societies, the leagues.

After attending Johnston Court, we stated that there were more evidences of work in Johnston than any one of the twenty counties we had lately traveled through. We had not been in Nash or the Eastern portion of Wake, when we made this observation. Every farm we passed had compost hauled out for the crop.

Nearly every plantation was set with young fruit trees, well trimmed and cultivated. Fruit trees, to produce well, must be cultivated as well as corn. Many think the work is done when the tree is planted.

The orchard of our old friend, Alsey Taylor, was beset with caterpillars. We did not see Alsey to tell him of it, and, hence, we do so now. We should have urged our traveling companion, an ex member of Congress, to pull down the caterpillar's nests, but the fence was high and the old member lame.

We saw but four women at work in the field, three white and one black. We never like to see a woman ploughing. Many of the colored women have no skill in other work on the farm, and they should not hesitate to put their hands to it.

The farmers of the Eastern are a long way ahead of the farmers of the Western portion of Wake county. Judging from the compost heaps we think the farmers in the Eastern portion of the county, in the months of December, January and Febuary, must have done more than twice the work of the farmer in the Western portion of the county. We saw many of B. P. Williamson & Co's. new plows out. We learn that Mr. Williamson sold 700 plows, in 48 days, to Wake farmers alone.

It was in the West end of the county, adjoining Orange, we saw the bad plow and the bad plowing. We hope soon to see as many new plows and as many compost heaps in the West as in the East, and then we shall have peace as well as plenty.

MR. CRESWELL AND THE LADIES.—Postmaster General Creswell continues to show his appreciation of the ladies by appointing them to the charge of the Postoffices.—Among those nominated this week were Mrs. William A. Nichols, at Fort Leavenworth, Kansas; Mary J. Falls, Vallego, California; Mrs. Sarah L. Prizer, Doylestown, Pa.; Caroline A. Arndt, Easton, Pa. Mrs. Prizer is the widow of Enos Prizer, formerly one of the proprietors of the Doylestown *Intelligencer*. He has also appointed several other ladies to take charge of Postoffices.

Baron Rothschild's fortune reaches the sum of three hundred and forty millions of dollars.

IMPORTANT TO OWNERS OF LAND—GOOD NEWS TO REGISTER OF DEEDS.

It is not generally known, as it ought to be, that the General Assembly has passed a law requiring all deeds of lands to be registered on or before the 1st of October, 1869. If a person fails to register his deed before that time, a subsequent purchaser of the same land, from the former owner, for valuable considerations without notice, will have title, notwithstanding the prior deed.

We think our people have been too negligent in the matter of registering their valuable instruments and hope this law will prompt them to immediate action.—We have known lately the case of a man, who occupied his land *thirty years* under an unregistered deed. The law, heretofore, has enabled numerous frauds to be committed. For example. Suppose John Doe sells his land to Richard Roe for $1,000, on the 1st of January, Richard does not register his deed. Doe sells again on the 1st of February, for $1,000. The second purchaser loses his money, although he is guilty of no negligence.

By the by, why does not some legal gentleman send us an obituary notice of our old friends John Doe and Richard Roe?—It will be remembered that at the ripe age of *twelve or fifteen hundred years*, they were murdered wilfully and of malice prepense by *Judge Tourgee*, who brought his deadly weapons for the purpose, all the way from New York. If the slayer is not to be punished, at least the friends of the deceased should furnish us an "obituary notice," which we will publish free, out of our own respect for their memory. We call on Col. Poindexter, or Col. Henry Gilliam, or some other lawyer, gifted with pathos, to do the work.

COLORED APPOINTEES.

General Grant seems disposed to recognize the equal rights of the negro, for he owes his present position to a very great extent to their help. Every one knows that without the negro vote Ulysses Simpson never would have been President of the United States. He recognizes this fact, and, hence, has appointed some half dozen or more colored men to office. But somehow they are all sent to the South or to Africa. We do not read of the "friend and brother" having a soft place voted him in some Northern city. Why not make some of Sumner's special colored friends office holders in Massachusetts? Why not appoint two or three for Boston? And then too, Zach Chandler, who mouths it so pugnaciously, ought to be favored with at least a half score for Michigan. Come, Mr. President, don't be so partial in your bestowments.—Don't give all your favors to the South.—We know you love us, but if you appoint the colored men only to offices in Southern cities, Boston and Detroit and other cities of fewer claims will get jealous and angry. But, perhaps, Grant is carrying out his well known humanitarian views, for he has always been remarkably careful of human life, and, therefore, appoints negroes to office only in the South, because their labors will be arduous and the climate is so favorable to negro health and comfort.—Well, let us be duly thankful.

THE ENGLISH EMBROGLIO.

The sober second-thought of Grant and his advisers may lead him to a more pacific policy towards England than is apprehended by some people. A war will be a costly undertaking at best, and may serve to bring neither substantial glory nor prosperity. Whilst we might give the British several sound drubbings as did our fathers before us, and might achieve success on the sea with our superior fighting crafts, still there would be terrible loss to our marine, and an awful expenditure of lives and money. We are glad to note, therefore, that some of our sagest papers are hopeful of better results, and that the impending war-cloud may soon blow over. The New York *Sun*, a Radical paper of moderate proclivities, but edited with uncommon freshness and ability, closes an article upon the subject in this very rational way. It says:

"If we are peaceably inclined, we may do two other things. We may observe a masterly inactivity till we think a proper time has come; or we may consent to arbitration. If we agree to arbitrate, we have just two questions to submit. The first is, did England render herself liable for pecuniary damages by her conduct during our rebellion? And the second, if so, for how much? This is all there is in the case. To say that England can render us additional satisfaction by eating humble pie, is a sentimental view which does not belong to practical statesmanship. Governments may apologize for the acts of their agents, but they cannot apologize for their own acts without humiliation."

ASHLEY.

This fellow, one of Grant's recent appointees, is a "nice man for a tea party."—He is venal and unscrupulous every way. He stands before the country convicted of premeditated and deliberate perjury. He swore that he was able to establish the guilt of Andrew Johnson as an accomplice in the assassination of Abraham Lincoln. He has been officially convicted of falsehood, and other crimes hardly less flagrant have been laid at his door. But in spite of his exceeding bad character he has been nominated as Governor of Montana and the nomination has been confirmed by the Senate. Of course Grant, unless more ignorant than is supposed even by those who have no great respect for his capacity, knew all about Ashley's history, but he was a bitter Radical and helped to elect him, and that of course is sufficient. The question is never asked now, in these sadly disjointed times, "is he capable, is he honest?" Why, this man Ashley, as Dana, a Radical, tells us, is guilty of "corruption and venality," and so stands according to his voluntary confession. Pressure was brought to bear, says Dana, upon the President by members of Congress and other politicians, and he felt constrained to do their bidding. A truly pitiable sight to behold! The self willed and boasted self-reliant soldier doing the behests of a vile faction, and appointing to office, a convicted perjurer.

For the Sentinel.

RINGWOOD, HALIFAX Co., N. C., April 9th, 1869.

The recent cowardly attempt of the radical conclave in Raleigh to intimidate the editor of your paper, and the harangue of his Excellency the Governor, who connived at such proceedings is certain evidence of the corruptness and degeneracy of the party in power. We were ever opposed to mob law. When the soldiers caused Gov. Holden to seek shelter under Vance's bed, and threatened his life, we frowned upon such unlawful proceedings and so expressed our self at the time, and now we would counsel the Governor to heed the injunction of the Bible. "Do unto others as you would be done by."

The people of this country surely have cause to be alarmed, the baneful influence of party has usurped all tendencies to good, the legislators, the should be guardians of the people's rights, and protectors of their honor and the honor of the State, have become organized into "rings" for the promotion of the infamous designs of the few, unmindful of their obligations to their constituents. Alas! for our country, unless there is a speedy reform, unless the people become alive to the insidious march of usurpations and false legislation which wicked men are imposing upon them. All may sing a requiem to liberty, and bid farewell to those free institutions our fathers suffered so much to secure. The motto of the great "I am" of the party in power: "Let us have peace," is worse than mockery, these smaller lights of this party echo and re-echo his sentiments on paper, yet by every act they prove the falsity of their assertions and instead of trying to extend the empire of peace over a country which has been made desolate by a war caused by their own false appeals to the masses, they engender prejudices, stir up strife, cause confusion and endeavor by all the ingenuity of their depraved souls to perpetrate a system of misrule. More deadly to the interest of the people, and the constitution of our country than the baleful "Bob-nupes" to animal existence. No action is too little. No means too base for them. Beyond the contracted horizon of self, they never look. Yet a day of retribution will come. It must come.

For the Sentinel.

LEAD VALE, JEFFERSON COUNTY, East Tennessee, April 12th, 1869.

Editor of the Sentinel—

DEAR SIR:—Desiring to hear from the land of my birth and nativity occasionally, you will please send me the *Weekly Sentinel*, to the above named office.

East Tennessee is one of the most beautiful sections of country I ever saw, and ere long will be, with Western North Carolina, the Switzerland of America, or, in other words, the garden spot of the "United States." The most desirable climate of any of the States, good water, fertile valleys, magnificent scenery, and, having Railroad communication with the North, South and West, it is a section which is being rapidly settled by emigrants from almost every quarter. And it is hoped will, before another year rolls around, be in direct communication with the old North State, by Railroad *via* Paint Rock, Asheville, Morganton, Salisbury, thence to your city. The natural consequence of this Railroad connection will be that thousands of car loads of corn, bacon and wheat, will be shipped to your midst annually, thereby putting the necessaries of life within the reach of every family and household. Should your people not need and require it, then its transportation to the Seaboard, to Norfolk, would yield a large revenue to your Railroads. Urge the completion and operation of this Route, through your valuable columns.

The people of East Tennessee have passed through the past fiery ordeal with courage unequaled by any race or any people. They were murdered and buried for four long years, and for the past three years have been oppressed, tyrannized over and ground down by the vilest political tools and wretches that the sun ever shone upon.—Yet they have stood it all bravely, and are still patiently waiting to see the star in the East, when they will be freemen and citizens again. Ex President Andrew Johnson is now within our borders. He has already delivered two or three of the ablest speeches ever listened to, since his return, and already his thrilling influence is being felt. Old Brownlow has gone to Congress, where, it is to be hoped, he will drag out the remainder of his (must be) miserable existence, and the sooner the better, and when his death bell shall toll a shout will go up from the beautiful valleys of East Tennessee which will surpass any Confederate yell ever heard within fifty miles of Richmond, Virginia. Men who were the staunchest Union men during the war in East Tennessee, are now the best Democrats in all the land, and by the time Andrew Johnson swings around the circle, (as Greeley says,) six months, you will hear of scalawags getting up a big old hickadaddle in East Tennessee.

Yours Truly,

C. E.

The Foreign Relations Committee have before them a list of five hundred and twenty-seven summary executions reported to have been made by the Spanish authorities on the island of Cuba within the last three-and-a-half months. This list is to be most diligently scanned: first, to see if it is entirely correct, second, to see if any Americans are included in it. The list produces great excitement, and even if Americans are not found in it, ingenuity is aiding indignation to discover if the cruelty cannot be made the object of representation of some sort or other. The rumors regarding contemplated expeditions from the States to Cuba are not incorrect. A force of formidable dimensions is being prepared. A prominent Western General of volunteers is in command already, and attention is being diverted from the real port of embarkation by the publication of false places as intended. The real point has not been selected, but it will be neither at New Orleans nor New York. This may be relied on.—*N. Y. World.*

PERSONAL.

Tennessee papers announce the death of the Hon. W. G. Swan, of that State. He was a member of the Confederate Congress.

The Chicago *Post* states that the Rt. Rev. James Duggan, bishop of the diocese of Chicago, is now in a sad state of mental affliction, and the rumor which for some time past has prevailed among Catholic circles is at last confirmed.

Edwin Belcher, nominated to be Assessor of the Third Georgia District, is a mulatto, and has been put forward in order to show that colored men in that State are to hold Federal offices, although the reconstructed Constitution which has been accepted by Congress makes them ineligible to State offices.

Judge Shellabarger, Ex-Congressman, to-day named for Minister to Portugal, vice Mr. Harvey. Mr. Shellabarger hopes at Lisbon to recover his health, which has been very poor for a year past. His nomination is regarded as a good one, but the inequality it makes by giving Ohio three missions is keenly felt and roundly denounced.

MARRIED.

In Bladen county on the 25th. day of March, 1869 by the Rev. W. S. Melvin Mr. J. W. CATE to Miss S. C. DUNHAM

In Bladen county on the 31st. of March, at the house of Mr. D. B. Melvin, by the Rev W. S. Melvin Mr T. B. DUNHAM to Miss PHEBE MELVIN.

At Mrs. Joe Turner's in Nash county, by the Rev. J. G. Barkley, Mr. WILLIE JOHNSON and Miss ELIZA ANN TALBERT, all of Nash.

On the 8th inst., in Waughtown, by Elder Wm. Turner, Mr. J. M. MCKAUGHAN, and Miss MARTHA A. FITTS, all of Forsyth County.

DIED:

At his residence in Searcy, Arkansas in the 57th year of his age, after an illness of six days of jaundice, Mr. WILLIS B. HOLLAND, formerly of Wake county N. C.

In Oxford, N. C. on April 17th. at the residence of her uncle, Major Jas. T. Littlejohn, MARY LANE HARDY second daughter of Henry C. and Huldah E. Hardy, of New York in the 13th. year of her age. This lovely girl was born in Petersburg, Virginia. She was sick only one week before she passed away forever. One who knew her intimately and loved her dearly, writes:

"I never knew a child who had such an exalted, intelligent appreciation of her moral responsibilities and duties; this was particularly so with reference to her obligations to improve the opportunities that Providence had placed in her way for the culture and development of her talents." She was gifted by nature with a very high order of talents—just such talents as were calculated to throw a chastened and beautiful light upon the home circle and to make her absence a prolonged regret. To improve her intellectual faculties, was with her a part of religious duty. Her uncle writes, in illustration of this principle in her character, as follows:

"During the season of Lent—though I have no doubt she as much realized the duties of that season as most children reared in the Episcopal faith, I asked her—"Yet, why dont you go to service in the evenings with Soph and sister Etta?" She said—"Uncle James, I have duties to perform, the benefits to be derived from their performance, will better fit me for all my Christian obligations and usefulness in life. I don't think I should neglect them. I want to be first in all my classes." This is substantially what she expressed and not in a spirit of boasting of mere emulation—but it seemed to be a settled conviction of duty. She was not vain—she was not ambitious in the common phrase."

Sweet and lovable she has gone to her rest.—The last intelligence her afflicted parents received was that their dear daughter was no more. May God's sovereign grace comfort and sustain them under their affliction.

NASH COUNTY.—Our friends in Nash are awake to our interests, and we may add, to their own interests too. We have received this week twenty five new subscribers from that County. We hope our friends generally will bestir themselves and send in single subscriptions or clubs. Remember, that any one procuring us ten subscribers at our regular rates will receive one copy *gratis*. This applies to all our editions.

OUR FRIEND, Maj. W. A. Hearne, is doing good service for the North Carolina press by his Agency. He is succeeding, as our advertising columns exhibit. He has good opportunities for judging of the wants of the craft in the State. He is urging the press of the State, without reference to party or sect, to hold a Convention of Publishers of State papers at Goldsboro' early in July. There is no uniform system of business among the profession in the State, and there is an evident want of it. The Major says Granger won't charge the craft. If a Convention should be determined upon, we vote for Goldsboro'.

NORTH CAROLINA.—The President has sent the following nominations to the Senate for this State. Alexander C. DAVIS, to be Collector of Customs at Beaufort. H. H. Shaw to be Postmaster at Tarboro'.

NORTH CAROLINA, thus far, has had two Consuls appointed. Be thankful for small favors is the rule.

WE thank our friend G. T. Stronach for some of the largest lemons we remember to have ever seen.

THE Washington and Baltimore papers now come by the way of Danville, Virginia, and Greensboro', N. C., and reach us ten hours earlier than they would by the way of Petersburg. We hope this arrangement will continue, as it enables us to collate and publish news items that are twenty-four hours later than we could otherwise lay before our readers.

UNIVERSITY SKETCHES.—A friend has promised us, and will soon commence the publication, of a series of sketches concerning our State University. Our readers may expect something good, for the pen is competent to the task.

[Special to the Union & American.]

THE GREATEST OVATION OF THE TIMES.

MEMPHIS, April 14.—Ex President Johnson arrived in the city to-day on the 3:40 train, Memphis & Louisville Road. All along the route he was received by the people en masse. People of every age and sex turned out to do him honor. At McKenzie he made a short speech. At Humboldt he was met by an up train from Memphis, crowded with ladies and gentlemen who went to meet him. The Circuit and Chancery Courts adjourned for the time. No less than 2,000 people turned out at that point, where he also delivered a short address at the solicitation of citizens. Long before the train was due here our streets were thronged with every kind of vehicle and a living crowd of pedestrians making their way to the depot.

Not less than 30,000 people turned out on the occasion, and Memphis out-did herself in striving to do honor to Tennessee's most celebrated son. He was suffering from fatigue, and spoke in a very low tone. He speaks at the Opera House to morrow afternoon, and on Friday night will be present at a banquet tendered him at the Overton Hotel.

BRIEF NEWS NOTES.

The Episcopal Church of Deer Creek parish, in Hartford county, Md., (Rev E. A Colburn, rector,) was destroyed by fire on Sunday last. The carpets, books, and some few other articles were saved.

The population of Charleston is estimated at 40,000 souls, 20,000 whites and 20,000 negroes. The mortuary statistics for 1868 show that the number of whites who died was 390, or one out of every fifty-one, and of colored persons 818, or one out of every twenty-four.

The New York *Express* says: "The highest store rent paid in Broadway is that of E. S. Jaffray's dry goods store, corner of Leonard street, which brings $60,000. The highest hotel rent is that of the Fifth Avenue, which rates at $100,000 per annum; but the most profitable of all its edifices is Trinity Building. This is occupied by offices. It cost about $200,000, and rents for nearly one-half that sum. Single offices bring from $1,000 to $2,000, and the coal trade is almost entirely done there."

In addition to the present naval force in the Gulf, it is understood that the Galena, Seminole, Mosholu, Sabine and the monitor Saugus, now fitting out at the government Navy Yards, will be ordered to join that squadron. These will make quite a formidable force of eleven vessels, bearing an aggregate of 110 guns.

A MEAN TOWN.—Mr. Amos Swan, of Pendleton Hill, has offered his services in supplying the desk of the First Baptist Church at North Stonington, Conn., the ensuing year *for one dollar per Sunday*.—Although this may seem a small salary, yet it is more than their last pastor received! In that town a man can make a bigger thing of it by going into the charcoal business than he can by trying to be a Baptist minister.

STATE NEWS.

OLD TIMES IN CHARLOTTE.—We are indebted to Mr. P. S. Winsant, for a copy of the *Miners' and Farmers' Journal*, published at Charlotte on the 29th of May, 1835. It contains a long and interesting account of the celebration in this place on the 20th May, 1835, commemorative of the Mecklenburg Declaration of Independence of 1775. Franklin L. Smith, Esq., delivered the Oration, and James W. Osborne, Esq., read the Mecklenburg Declaration. The Governor of the State, Swain, and Senator Mangum, and other prominent gentlemen, were present. Gen. Joseph Graham participated in the enunciation of the Declaration of 1775, occupied a seat on the orator's stand.

A big dinner and ball wound up the day's proceedings. The account states that there were several uniformed regiments of volunteer soldiers present—cavalry, infantry and artillery.

Among those who delivered toasts on the occasion we find the following names: Wm Davidson, W J Alexander, Gen T G Polk, Wm Lee Davidson, Gen Paul Barringer, Franklin Smith, J W Osborne, N W Alexander, Dr P C Caldwell, Dr C L Hunter, Andrew Grier, J H Blake, M W Alexander, Isaac Campbell, Geo F Davidson, Joseph H Wilson, Dr S X Johnston, Jas A Johnston, A B Davidson, W W Elms, A A Springs, Lorey Springs, Dr D R Dunlap, E W Maxwell, Dr F M Ross, Hugh Torrence, W S Norment, Burton Craige, Chas G Alexander, Robert Watson, Miles Hill, J H Bissell, &c. Thomas J Moore, Esq., responded to the toast, complimenting South Carolina.

Letters were read from J. C. Calhoun, Geo McDuffie, John Tyler, Hugh L White, Dr. J. G E Ramsay Wm. Gaston, Robert Strange, Bedford Brown, and others.—*Char. Dem.*

Young O'Neil, who so brutally murdered Captain Dennis, of the Schooner Belle Varney, in October last, was acquitted in Edenton, on Friday last, the 16th inst. The jury which acquitted him was composed of seven negroes and five white men.

The Judge, from the bench, characterized the verdict as a disgrace to the State and to the age, and great indignation was manifested by the spectators.

We understand that President Smith, of the N. C. Railroad, has issued an order for freight to be conveyed from Goldsboro to Raleigh by passenger trains on such days as the freight trains do not run. This will ensure the prompt transportation of freights to the West via Wilmington and Goldsborough.—*Char. Dem.*

DEATH OF RUFUS M. JOHNSTON, ESQ.—We regret to state that this gentleman died at the residence of Dr. W. J. Hayes, in this city on Tuesday night last. Mr. Johnston was a gentleman of high standing,—public spirit and enterprise, and filled several important positions in South Carolina, where he resided before the war. For many years he was President of the Bank of Columbia, and a member of the Legislature.—*Char. Times.*

PUBLIC ADDRESSES.—The Senior Class of Wake Forest College, will deliver original orations in the College Chapel on Wednesday the 28th inst., 7½ o'clock, P. M.—*Ib.*

MARRIED.—On the 18th of March, at Whitesboro, Texas, Capt. R. W. Cole, to Miss Mary E. Choice. Capt. Cole is a native of Greensboro. He was an officer in the 22nd N. C. T., and bears upon his body honorable scars of the gallant service he went through. The Captain has made a *choice* selection, and we have no fears that he will ever live to regret it.—*Hillsboro Recorder.*

RESIGNATION OF A FAITHFUL OFFICER.—Dr. Jobe, who for the last three years has been special agent of the Post Office Department for the two Carolinas, with his headquarters at Raleigh, has resigned on account of sickness.

He has become well known to many of our citizens as an officer who has worked hard to have the Post Offices and mail routes reopened for the accommodation of the public.—*Newbern Times.*

The reported illness of Judge Thomas is an error. He is sick, however.

A paper will soon be started at Kinston. Not political.

Strawberries in Wilmington at one dollar a quart.

The Roanoke *News* says a *rock* weighing fifty pounds was caught in the Roanoke at Weldon on last Monday night.

There will be a Ball at Weldon at Dr. Blacknall's hotel not long hence.

Mr. F. M. McKesson, of Morgenton, was the orator on the occasion of the anniversary of Thomas Jefferson at the University of Virginia on 13th inst. His effort is complimented by a correspondent of the *Richmond Whig.*

The U. S. District Court will meet in Raleigh on the 1st Monday in June. It is understood that Chief Justice Chase will preside with Judge Brooks. Over four hundred cases are already docketed.—*Wil Star.*

Co-operative Associations for building purposes have been formed at Newbern, Fayetteville, Raleigh and elsewhere.—*Wil. Star.*

THE STANDARD. That journal sees fit to call us a "Virginia renegade." We hurl the insinuation back with ten-fold meaning.—We have never proven a "renegade" to Virginia, her cause, or that of any other S ate or party with which we have cast our lot and we beg of the *Standard* to remember the time when it advocated the principles of the Whig party, then the Democratic, and last, and least, the Republican. One of Webster's definitions of renegade is, the following: "One faithless to principle or party."

The *Standard* answers to this definition. It has proven faithless to both principle and party, faithless to its measures advocated in other days, and faithless to its own ideas of truth and justice, and we say to it, may God forgive it, for we cannot.—*Weldon News.*

SALE OF COUNTY BONDS.—The bonds recently issued by the County were yesterday sold by public auction, and the prices were fully as good as we anticipated. Bonds to the amount of thirteen thousand dollars were sold at prices ranging from 73½ to 78½ cents on the dollar.—*Wil. Star.*

LATE NEWS.

The President it is stated has sent a certain gentleman, whose name cannot be divulged at present, to Cuba on a secret mission, his object being to obtain full and important reports of the ability and strength of the contending forces, and the chances for and against the success of the rebellion. He will make a report accordingly to the President, and on his statement will probably depend the action to be taken by our Government.—*Nat. Intel.*

A dispatch to the Philadelphia *Press* states that the instructions for Minister Motley are now in course of preparation.—They will, in effect, make the demands on the British Government foreshadowed in Senator Sumner's recent speech on the Alabama question. Ex Attorney General Evarts and Cushing, who are thoroughly posted regarding the history of the negotiations, which have thus far resulted in nothing, are rendering valuable aid in their preparation.

NEW YORK, April 20.—The *Evening Post* says, it is understood that the French Atlantic cable will be landed at Cape May, N. J., under authority granted by the Legislature at its last session. A company was organized at Camden on Saturday last to co-operate with the French company.

HAVANA, April 20—Evening.—Letters from Trinidad to merchants of this city repeat the report that one hundred and fifty volunteers defeated a considerable body of insurgents near Trinidad. They state that the fight took place within half a league of the town, reduce the number in insurgents to eight hundred, and add that eight of the latter were killed.

DUBUQUE, Iowa, April 20.—A tornado passed over the upper portion of this city last evening, which destroyed a large amount of property, carrying away houses, taking off roofs, &c. A man named Kussle was killed, and a number of persons were injured. The Iowa brewery and the Fifth Ward school house were unroofed. It was the most destructive storm that has ever visited this section.

LONDON, April 19.—Accounts which go to prove the safety of the Rev. Dr. Livingstone, the celebrated African traveller, respecting whose fate so much uncertainty prevailed recently, have just been received in this city. It is reported to-day that Dr. Livingstone left Zanzibar, in Eastern Africa, in January last for England, and that he would go overland to Cairo, Egypt.

INDIANAPOLIS, April 20.—Last night a terrible hailstorm, accompanied with lightning, passed over the city.

The Indiana Central railroad freight depot was blown down, with a number of other buildings. The Michigan Central depot was unroofed, and Allen McCulchan killed and other employees seriously injured. Rev. Daniel Balloms, a Universalist Minister, of Utica, who was passing the depot at the time of the storm, and took shelter there, was seriously if not fatally injured.

WHIM WHAMS.

PROFESSIONAL ENTHUSIASM.—An enthusiastic professor of entomology, not celebrated for his exercise of hospitality, was so delighted at the arrival of an eminent pursuer of insects that he invited him to board and bed in chambers. Next morning Dr. Macfly greeted his guest—"And how did you sleep the night, Mester Beehemouth?"—"Not very well; strange bed, perhaps. But—" "Ah," quoted the doctor, eagerly, "ye were just bitten by something, eh?" "Well, to tell the truth, doctor, I was." "Just think of that!" "Bitten, war ye? Now can ye say it was any thing noteworthy that bit ye? Peculiar, eh?" "Fleas, I think. But such biting I never felt in my life." "I should think so, indeed," (with great glee;) "they're Sicilian fleas; I imported them myself."

SLURS ON WOMAN.—At a dinner in New York, at which no ladies were present, a man in response to the toast on "Woman," dwelt almost solely on the frailty of the sex, claiming that the best among them were little better than the worst, the chief difference being in the surroundings.

At the conclusion of the speech, a gentleman present rose to his feet and said:

"I trust the gentleman, in the application of his remarks, refers to his *own* mother and sisters and not *ours*."

A Western editor is pleased to be facetious over the names of Maine lakes. He says: "They say the fish in Lake Holley hunkemunk, Maine, are said to be superior to those of either Lake Weeleycooscook or Mcosetockmeguntuc. Those of Chaubungogungamaung were very fine, but they all go choked to death, in trying to tell where they lived!"

WHAT IS FAME?—A boy found holding a horse by the roadside, near Ithica, N. Y., recently, was asked whose animal he had in charge, and replied that it belonged to "a crazy Dutchman looking for birds' nest over yonder in the woods." The "crazy Dutchman" was Agassiz.

TELEGRAPH SUMMARY.—A ship loaded with salt has been sent back to San Francisco from Sitka, and there is some anxiety as to the action of the collector of the latter port in regard to a number of other vessels that have been sent out with assorted cargoes to trade with the Indians.

The Crown Point and Kentuck mines in Nevada have been opened, and although the water is up to the five hundred feet level, the damage has been slight.

Professor Mitchell, of Vassar College, N. Y., died on Monday from general debility, aged 76 years.

A row of forty four dwellings, occupied by railroad operatives, at the falls of the Schuylkill, near Manayunk; was burned yesterday.

An Omaha dispatch says Generals Stoneman and Saxton left there for San Francisco yesterday. Their commands will follow in a few days.

A band of Indians captured the horses of a wagon train near Fort Laramie on Friday.

The track of the Central Pacific road will reach Monument Point to-day.

CHARLES' LONDON CORDIAL GIN, or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled, as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

A REAL HERO—A SCENE AT SEA.

Two weeks ago, on board an English steamer, a little ragged boy, aged nine years, was discovered on the fourth day of the outward voyage from Liverpool to New York, and carried before the first mate, whose duty it was to deal with such cases. When questioned as to the object of his being stowed away, and who brought him on board, the boy, who had a beautiful sunny face, and eyes that looked like the very mirrors of truth, replied that his stepfather did it, because he could not afford to keep him, nor to pay his passage out to Halifax, where he had an aunt who was well off and to whose house he was going. The mate did not believe the story, in spite of the winning face and truthful accents of the boy. He had seen too much of stow-aways to be easily deceived by them, he said; and it was his firm conviction that the boy had been brought on board and provided with food by the sailors. The little fellow was very roughly handled in consequence. Day by day he was questioned and re-questioned, but always with the same result. He did not know a sailor on board, and his father alone had secreted him and given him the food which he ate.

At last the mate, wearied by the boy's persistence in the same story, and perhaps a little anxious to inculpate the sailors, seized him one day by the collar and dragging him to the fore, told him that unless he confessed the truth in ten minutes from that time he would hang him on the yard arm. He then made him sit down under it on the deck. All around him were the passengers and sailors of the midday watch, and in front of him stood the inexorable mate, with his chronometer in his hand, and the other officers of the ship by his side. It was the finest sight, said our informant, that we had ever beheld—to see the pale, proud, sorrowful face of that noble boy, his head erect, his beautiful eyes bright through the tears that suffused them. When eight minutes had fled, the mate told him he had but two minutes to live, and advised him to speak the truth and save his life; but he replied, with the utmost simplicity and sincerity, by asking the mate if he might pray.

The mate said nothing, but nodded his head, and turned as pale as a ghost, and shook with trembling like a reed with the wind. And there, all eyes turned on him, this brave and noble little fellow, this poor waif whom a society owned not, and whose stepfather could not care for him—there he knelt with clasped hands and eyes upraised to heaven, while he repeated aumbly the Lord's Prayer, and prayed the dear Lord Jesus to take him to heaven.

Our informant adds that there then occurred a scene as of Pentecost. Sobs broke from strong, hard hearts, as the mate sprang forward to the boy and clasped him to his bosom, and kissed him and blessed him, and told him how sincerely he now believed his story, and how glad he was that he had been brave enough to face death and be willing to sacrifice his life for the truth of his own word.

Wednesday Midnight Dispatches.

FROM WASHINGTON.

WASHINGTON, April 21.—Nominations—A W. Patterson, Marshal of North Mississippi; Luther B. Brady, Assessor 6th. Georgia District; J. S. Pollock, Indian Agent at Little Rock: Eleven other Indian Agents, all quakers, including friend Lorrie Tatum, for Apaches, Comanches, and Kiowas.

Among the confirmations is that of James Sinclair, Assessor for the 3d. District of North Carolina.

Further details of the rain storm in the west and north represent it as unprecedented for extent and destructiveness.

Secretary Boutwell forbids banks exchanging securities in Treasury partly on the ground that securities withdrawn are always more valuable than those substituted.

It is understood that Mr. Motley's instructions are being prepared by Messrs. Evarts and Cushing, and embody the points foreshadowed in Mr. Sumner's speech.

Stage and horse mail contracts throughout the United States have been awarded. There were 180,000 bids. Compensation ranges higher this year than ever before.

The Senate ratified the treaty with France, protecting the trade mark of respective citizens.

Col. Forney headed a Pennsylvania party which proposes an extensive southern tour.

Mr. Sumner informed Secretary Fish to day that the foreign relations committee had agreed to report adversely on Pile for Brazil and Clarkson for Shoshonoin. Mr. Fish replied it was determined to make no more nominations, but under the circumstances the President would probably make new nominations for those positions.

Replying to Forney's delegation President Grant is reported to have said he was very happy to hear they intended to make the trip. He hoped it would be productive of the best results. Nothing would do more to properly reconstruct the south than white loyal emigration. He had no doubt northern capitalists and northern men would readily avail themselves of the superior inducements offered by the South as soon as they could be assured of protection and a cordial welcome.

FROM BALTIMORE.

BALTIMORE, April. In the case of Kimberly versus Butler, Judge Chase decided that the word "arrest," as used in the Constitution, means an arrest or detention by force, with a view to imprisonment, and does not extend to a process of summons in a civil suit.

FROM RICHMOND.

RICHMOND, April 21.—Ex-Gov. Henry A. Wise has been ill for several days, and to-night is not expected to recover.

FROM WASHINGTON.

WASHINGTON, April 22, M.—The Senate confirmed Dumas for Liberia.

FROM BALTIMORE.

BALTIMORE, April 22, M.—Chase decided that Butler's plea of limitation was bad, but as seizures made by Provost Marshal and defendants failed, it was plead that the Provost Marshal was Butler's agent. Judgment could not be rendered. The case was continued with the privilege of complainants to amend the plea of complainants, paying costs for the past proceedings.

FOREIGN.

LIVERPOOL, April 22, M.—London commons of city journals on Cuba. Telegraph says that England is unbiased, but English interests best served by Spain retaining authority over Cuba.—It would not be England's business to interfere against Cuban independence, but her good officers might be useful in averting a quarrel between the United States and Spain.

The seizure of the Mary Powell is designated an act implicating England, Spain's best friend in a quarrel with the United States. The *Telegraph* argues that the Cubans can never willingly attach themselves to the American rule.

READ WHAT THE

HIGHEST INSURANCE AUTHORITIES

SAY OF THE

BROOKLYN LIFE!

"A Company that makes such endorsements on its policies gives the strongest pledge that it will fulfil its trust faithfully, and keep its reserves unbroken."—HON. ELIZUR WRIGHT.

"The BROOKLYN LIFE has placed itself in the vanguard of insurance reform, and is the first Company that has done full and complete justice to the insured."—INSURANCE TIMES, Jan. 1869.

THE BROOKLYN LIFE, ALONE OF ALL OTHER LIFE INSURANCE COMPANIES, GUARANTEES A DEFINITE SURRENDER-VALUE IN CASH, AND EVERY POLICY ISSUED BY THAT COMPANY, BEARS A CERTIFICATE STATING WHAT THIS EXACT WORTH WILL BE IN DOLLARS AND CENTS, AT ANY TIME, AFTER THE PAYMENT OF TWO OR MORE PREMIUMS.

"The BROOKLYN LIFE has made no half-way work of the adoption of this inestimable feature. It is noteworthy, in this connection, as a merited tribute to the excellent Company (Brooklyn Life,) which has so gallantly raised the standard of reform in Life Insurance, that we find in the whole list of existing Companies, few competitors which deserve so much credit in respect of economy of management, or care, skill and judgment in the selection of risks."—INS. SPEC. Jan. 1869.

The BROOKLYN LIFE has paid, and now pays to its policy-holders, LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

Dividends are paid IN CASH, or applied to the permanent increase of the policy, or left with the Company to accumulate at interest, in either way, at the option of the policy-holder.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

WASHING COMPOUND

Patented Sept. 22, 1868.

REASONS FOR PREFERRING THIS SOAP:

The Patentee claims for this soap the following advantages which are clearly set forth in the Letters Patent, to-wit:

First, it can be manufactured at less than half the cost of any soap ever produced.

Secondly, it may be used successfully in any kind of water—cold or hot, hard or soft.

Thirdly, it so modifies the action of boiling water on woollen goods that their fibres do not contract under its influence, and your woollen garment is as large after boiling as be ore.

Fourth, it does not decompose the colors of goods, and your prints and stripes are as brilliant after washing as before.

Fifth the goods do not require any rubbing or past-at washing in shine—all that is necessary is a few minutes boiling and a good rinsing.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA.

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his *death*, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is undoubtedly able to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so muddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but ACTUARIES, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he runs into the plan adopted by the

NATIONAL

LIFE INSURANCE COMPANY,

U. S. A.,

and finds just what he wants:

An ALL CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued 3,582 policies.

Amount insured,	$10,005,550.00
Total Premiums,	$50,117.03

The whole number issued by the Connecticut Mutual in the first year of its existence was 692

By the Mutual Benefit of New Jersey,	691
" New England Mutual,	243
" Phœnix Mutual,	535
" Massachusetts Mutual,	312
" Equitable of New York,	277

The Mutual Life, of New York, in the first year of its existence, only issued 470 policies. In its 10th year, 1,260 "

And in its 20th year, 2,812 "

this latter being 680 *less* than was issued by the NATIONAL in its first seven months.

CAUTION! WE desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages, and imitate our Trade Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's Snuff is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

NEW METHOD OF WASHING CLOTHES

WITHOUT LABOR.

THE AUTOMATIC

CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the low price of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest laces to the bed-blanket. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and lifting the dirt WITHOUT LABOR OR FRICTION.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the county.
